

The clinic phone is always answered. The consultation note writes itself.

A voice assistant that answers the clinic's calls day and night, an app where the reception sees everything in one place, and the consultation note drafted automatically, which the doctor only validates.

24/7

answers at any hour, on the clinic's number and website

Parallel

several calls at once, never a busy tone

RO · EN · DE

patients speak Romanian, English or German

~€1,100

monthly cost of one receptionist in Romania, for a single shift

THE SOLUTION

Three parts that work together.

01 · RECEPTION

The voice assistant

- Books, moves and cancels on the real schedule
- Calls patients 24 h and 2 h before; SMS only if they don't answer
- Gives the lab results status after an identity check, never values

02 · MANAGEMENT

The clinic app

- Today, doctors' calendar, patient records, chat, SMS, email
- Calls with a summary and the patient's mood, tasks, waiting list
- On desktop, tablet and phone, in Romanian, English and German

03 · CONSULTING ROOM

The consultation note

- The doctor records the consultation, with the patient's written consent
- History, clinical exam, investigations, proposed ICD-10 diagnosis, recommendations
- Validated by the doctor; recommendations emailed to the patient

PRICING

Package by number of doctors.

Launch prices (~50% off the list price) for EU countries; Romania below the packages. With annual prepayment: ~10% and free setup.

Enterprise · over 15 doctors

Custom pricing

Networks and several locations, volumes and SLA agreed together.

Emails to patients are unlimited. Every package includes the voice assistant in Romanian, English and German, the website chat, the clinic app for the whole team and data protection (encryption, audit log, export and erasure on request). Options and prices beyond the included volumes are the same in every country: €0.48-0.55/min, €0.80-1.20/booking, depending on the package, and €0.18/SMS.

Call the demo clinic. Ana answers in English too.

Book, move or cancel an appointment as a patient. Then ask for an offer for your clinic.
